n man ar beast. No one medicine can care in all cases, but we can how more real proof of the virtue of Ambrosial Oil is

bove being bought, than can be produced for any other above being bought, tast can be produced for any other medicine.

We do not assert a cure for every malady to which the human family are subject, but what we proclaim we can substantiate by living witnesses. The Ambrosial Oil is a Nashville preparation, and sold throughout the South and Southwest by all good druggists and general dealers. The South may be justly proof that Dr. Clark, a native Tennessesan, after much labor and research, has produced a really worthy medicine, which is bound to drive out much of the worthless imported trash with which the country is flooded.

Pisase call at our office, where we will take pleasure in showing letters and testimonials too numerous to set forth in the form of an advertisement, some of which come from physicians in high standing, who are using it in their practice, as they state, with maryelons of facts. We challenge the world to produce a remedy as ricts. We challenge the world to produce a remedy ac peoply and effectual in its beating properties.

P Rend the ovidence of the virius of Ciark & Ful-ler's Ambrosial Oil, evidence so authentic, and from persons whose word and standing are irrepresentable.
